Goal to reach in my working field

My goal is to become a top international documentary maker. Momentarily I am working hard to reach this goal. In 2010 I did my internship at the Foster Brothers in Cape Town who are one of the top documentary makers specialised in human/nature interaction. Momentarily work on the marketing aspects of the largest Dutch wildlife film ever made called De Nieuwe Wildernis and recently filmed a documentary about dementia (in post-production). Besides I work on several short wildlife films.
