

ELLA STEPHENSON – RUNNER

07590 221504 ellastephenson98@gmail.com London/Brighton based Full UK clean driving license

PERSONAL SUMMARY

I am a Live Television Broadcast Professional with experience in both production and technical roles. My strongest skills include working with talent, organising and managing different elements of productions, and the health and safety aspects. I have gained good studio experience within my time at university and have worked on live sport OBs. I have a good knowledge of kit and have good communication skills. I am looking to progress through the production line working as a production assistant, eventually ending up in production management in the wildlife filmmaking industry, also looking to explore floor managing opportunities in live broadcast television.
